APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 35806 is issued subject to the terms and conditions imposed in said Permit 35806 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

The total annual duty of water under this permit shall be limited to 512 acre-feet and the total combined annual duty of water under this permit and Permit 35805 shall be limited to the amount necessary to serve water to 1200 living units but not to exceed 940 acre-feet per annum.

A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements of water placed to beneficial use must be kept. Copies of these measurements shall be submitted to the State Engineer in January of each year.

Individual water meters shall be installed in the service line to each resident. The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.6 cubic feet per second, but not to exceed 512.0 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before April 20, 1985

Proof of completion of work shall be filed before May 20, 1985

Application of water to beneficial use shall be made on or before April 20, 1985

Proof of the application of water to beneficial use shall be filed on or before May 20, 1985

Map in support of proof of beneficial use shall be filed on or before \_\_\_\_\_

## (PERMIT TERMS CONTINUED)

Any surface water right appurtenant to the proposed place of use under Permit 35805 must remain appurtenant to that land and may not be changed to other uses or areas.

This permit is issued with the express understanding and on the condition that existing grazing use of the public range by authorized users or permittees will not be impaired or adversely affected by approval and issuance of this permit.
